## Desert Diary

By R. B.

About three and one-half hours after the time George Rush and his wife leave their home on Cochrane Ave., on the west side of Los Angeles they began to "start feeling good." By this time they are up in the "high desert" country near Joshua Tree, where Rush is now building a home. He gets quick relief from sinus trouble after only a short time here.

Rush told your reporter over at Below's on Monday just how much it meant for him to be up in this country. He described how wonderful it was to get away from the heavy traffic, the constant wail of police and ambulance sirens — and the city air. Well, at least, it's what you have to breathe when you are down there, he added. He'll take the air here!

He is building an attractive little stone and frame construction cottage and plans to spend a lot of time here. We have a hunch he'll be a big booster for the area.

## Highway Ass'n. Approves By Laws

Final step in the incorporation of Baseline Highway Improvement Assn., Inc., was taken last Monday evening when the association's board of directors, meeting at Community Hall in Joshua Tree, unanimously approved the constitution and by-laws governing the organization.

Membership fees will remain at \$5 per year, but an amendment was adopted enabling anyone to become a voting member by remitting \$1.00 for the first two months' payment, the balance being paid as dues at 50c per month. This is to enable every resident and property owner in the Great Morongo Valley to be-

## Youth Takes 145 Mile Bike Journey Here

Don Morgan, 20, cycled into Joshua Tree last Saturday evening after a 145 mile bicycle jaunt from his home near Roscoe in the San Fernando Valley.

He visited his mother who lives near Joshua Tree and then turned around and headed back.

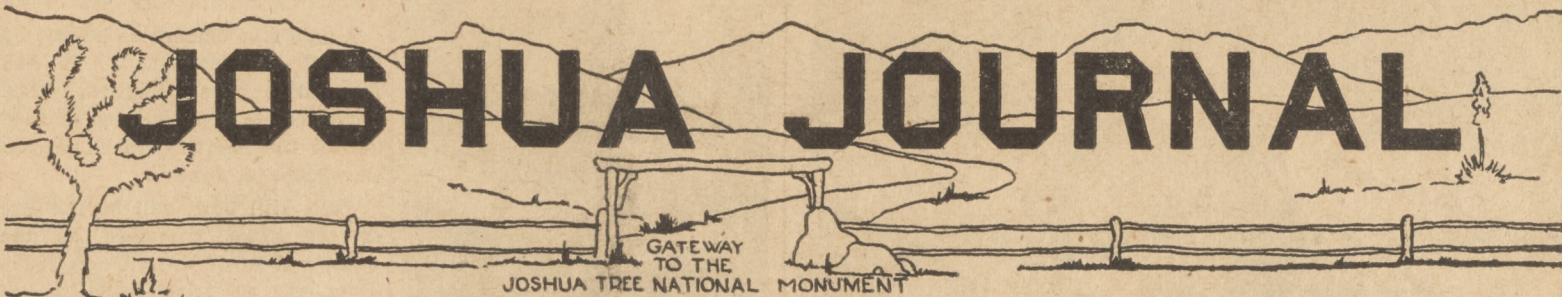

The toughest part of the trip? "Coming up the two hills from the Morongo Canyon and into Yucca," Don laughed. "It's a bit of a climb for a bike but otherwise my B.S.A. (Birmingham) model took the trip in stride."

## Realty Board

The Pioneer Desert Realty Board will hold an open meeting on June 6th according to President Pat O'Neill. Frank Whitlock, San Bernardino, of the state Real Estate Board, will be present for the installation of officers.

The board of directors met Monday evening at Bouchey's and map-plan plans for organization of a joint advertising campaign.

### Largest Brooder House Going Up

Joshua Tree Contractor George Bloom and part of his crew posed for a minute last Sunday afternoon for this picture out at Rancho Sun Valley where completion of a large brooder house was being rushed at the Mayfield-DeWitt ranch. A shipment of 1500 turkey poultts was due to arrive here today from Ripon, California.

### Electric Power For Water Company

The Sun Valley Water Company announced the change over to electric powered equipment from gasoline operated equipment this week. Lester Peterman, head of the water company, asserted that the new service would prevent the possibility of a breakdown of service during the summer months.

Peterman also said the company is asking for bids on a 60 foot elevated tank to assure maximum water pressure all over the Sun Valley area.

The extension of water lines to the new tract to the north of Sun Valley is underway.

### "First Saleswoman" Jessie Niccolls Dies

Jessie Fremont Niccolls, a resident at the Desert Air Lodge here, 91, passed away on Monday of last week at the Ince Memorial hospital in Twentynine Palms. She had lived here for more than a year under the care of Mrs. Beckwith and had been under her care for the past 5 years.

In her earlier life Miss Niccolls had served as an insurance representative with the New York Life Insurance Company for a span covering 50 years. She was considered a top flight saleswoman and is reported to have helped many young people on the road to success thru her generosity and genuine interest in people.

She was related through her mother to the famed American author

### Rush Completion of Mayfield - DeWitt Turkey Ranch; 1500 Poultts Due Today

The pounding of hammers resounded from sun-up to sun-down over at Rancho Sun Valley over the past week-end as contractor George Bloom and a crew of men rushed completion of a large brooder house to accommodate an expected 1500 turkey poultts at the Mayfield-DeWitt ranch, newest addition to this "high desert" turkeyland.

Charles Mayfield and M. M. DeWitt, Long Beach, entered the turkey business here as of last Thursday evening when a deal involving the sale of a 10-acre ranch was

consummated with the Bunker-Summers Land Company. A phone call from Long Beach to Bloom, local contractor, started the wheels of activity. Bloom spent all of Thursday night planning construction of the ranch. Friday, the Joshua Tree Builders Supply rounded up much of the necessary construction materials.

At 7:20 Saturday morning the materials arrived at the site and a seven-man crew went to work. At press time the building was near completion.

### Morongo's Big Day Promises Fun

Follow the crowd on Sunday, May 29th, and have the time of your life at the annual barbecue sponsored by the Chamber of Commerce in Morongo Valley.

Serving of the traditional barbecue and beans will begin at noon in front of Angel's Cafe and continue on through the day. Pies, cakes and ice cream will be served by the Morongo Valley Woman's Club and soft drinks and beer will be dispensed at another booth.

The entertainment committee reports all manner of fun in store for everyone, young and old. Besides such participation events such as races, games and horse-shoe pitching, the big event of the afternoon will be two softball games played in Morongo's new Covington Park. The first game, starting at 2 p.m. will be between the cub teams. Morongo Valley Indians will take on the Banning Juniors. Following this the Twentynine Palms Drug team will play the Desert Hot Springs Indians.

Mexican "Troubadours" will furnish music throughout the day and will play for dancing in the evening.

Make a red ring around Sunday, May 29th, on your calendar for the welcome mat in Morongo Valley will be out on that day.

### Magazine Writer to Feature Turtle Races

Don't be surprised to see picture stories of the Turtle Races in future magazine publications! Tamara Andreeva, feature writer from Pacific Palisades, is preparing articles for the Denver Post and the National Motors magazine.

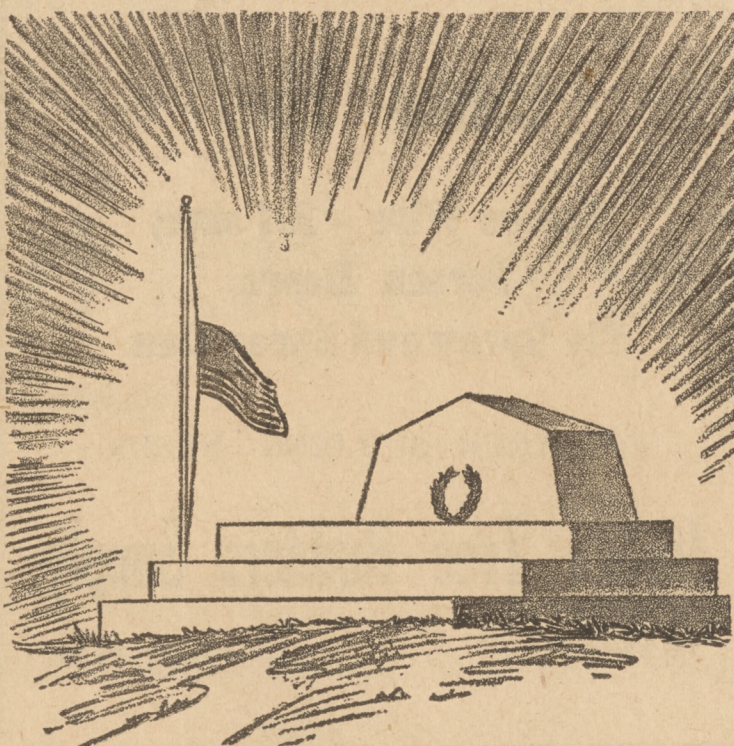

Mrs. Charles Mitchell at the chamber of commerce has assisted Miss Andreeva in identifying persons photographed in group scenes here May 1st. Mrs. Mitchell described the photographs as excellent. Post card size photos may be ordered through Mrs. Mitchell by those wishing prints.

## Lowly Philosophy

By JUNE LeMERT PAXTON

THE JOSHUAS

Memorial Day, May 30, 1949  
"THE JOSHUAS"  
Yucca Valley, Calif.

To the dear Relatives and Friends on the other side of the curtain; that curtain we, erroneously, call Death.

I will not decorate your grave today, because in my belief, we have a better way of showing deep respect and loyalty. The grave is where we laid your mortal body low. Then why should we remember, or even try to know — where, back to earth, the out-grown garments go?

Where you have gone I may not see, but always firm is my belief that you can come to me! My earthly-home, humble though it be, I try to keep a happy place; a place where unseen guests are free to come and go — a friendly place to know!

Each one upon this plane is daily sent to school to be his Brother's Keeper, and to use the Golden Rule. And I am sure in your fair land, where you are learning still, the chief of all the lessons is to do the Father's Will! If I would be unselfish, and know that God is Love, I'd realize you've not gone far; you're just a grade above!

And so today I place my flowers in vases here and there; you'll see them near the window-seat or by your favorite chair! And well I know that folks are wrong, when they speak of "our dead"; for your unseen face will smile at me, and I'll be comforted!

## Yucca Church Will Hear El Monte Man

Reverend and Mrs. Lee Hicks of El Monte, Four Square Church, will be guest speakers Sunday, May 29th, at the Trinity Full Gospel Church at Yucca Valley.

Services start at 11 a.m. with special music on the program. A 7:30 evening service is also scheduled.

## Western Cavalcade Is Promising Event

A nine man committee headed by Captain Bud English of the San Bernardino county sheriff's office today began pushing sales of tickets for the Sheriff's Chuck Wagon Cavalcade on June 11.

Perris Hill bowl will be the site of the show described as the world's greatest western cavalcade of talent. All proceeds will go into the fund for the widows and children of deceased deputies, according to W. T. Russell, president of the employees association.

Starting at 8 p.m., the 11-act show will last for two hours. Music will be provided by Allan Massey and his Westerners, outstanding western band heard weekly over the Plantation Jubilee radio program.

## Cub Scouts Meet

Den 1, Pack 74 of the Cub Scouts met at the community club Saturday from 2 to 4 p.m. Eight cubs attended the meeting with Mrs. Florence Wheeler, Den Mother, and Mr. H. M. Monroe, Cubmaster, as leaders.

Troy Clark led the flag ceremony. "Leap Frog" was enjoyed by all, including Mr. Morris who acted as the "Frog." Several skits were played out by the Cubs. Damon Wheeler read the "Buckskin," the minutes of the last meeting.

Plans were made for the swimming meet and picnic at Twentynine Palms Tuesday evening June 7. Parents will join in with the boys for this event. It is also rumored that the Cubs plan to challenge their parents to a softball game following the swimming meet.

The Cubs will meet again next Saturday at 2 p.m.

### Co-ordinated Effort

Real estate men and residents of the valley will watch with interest the function of the Pioneer Desert Realty Board which has now been chartered and sanctioned by the state real estate board. This organization has a splendid opportunity to co-ordinate the efforts of the several communities here in the high desert in attracting new capital, new residents, visitors, and new opportunities.

The 15 charter members all have expressed a sincere desire to "get things done" in the real estate business here. Real estate men serve a useful purpose in every community. They are instruments, sometimes king pins, in the building of communities. We wish the realty board members success in carrying out their program for the furthering of "high desert" properties.

## Show Business

Hollywood, May 23rd — Gloria Swanson will resume her video show as soon as she completes her starring role in Paramount's "Sunset Boulevard" but she hopes to work out an arrangement where it can be staged on either coast, making it possible for her to accept future film offers; Set decorators had a field day assembling the photos needed for Gloria's home in the picture — they all had to be likenesses of glamorous Gloria! In this drama of Hollywood life, la Swanson portrays an egocentric one-time silent screen star who lives in luxurious seclusion. The script calls for all the walls, tables mantel-places, etc., in the house to be loaded down with photos of the star. What a break this has been for Gloria, here's hoping, Mae Murray, Pola Negri and some of the others who have worked so diligently to retain their glamour will get a similar break. Why not play up such personalities for a star-studded premiere that would give fans a real thrill! Anytime Mae Murray walks into a Kenneth Hopkins hat show, she still garners more plaudits and whispers than any of the current cuties.

### THE MARRIAGE MILL

With the stork circling the home of "Suspense" producer-director Tony Leader, he has forbidden his wife to attend any more of the Thursday broadcasts. "She gets too excited," says Tony. "I don't care if my child wants to get into radio, but not yet, please." . . . Eve Arden wants to adopt a baby boy. "My two adopted daughters need a brother," she says . . . Hugh James, announcer on CBS' "The

Second Mrs. Burton," arrived at rehearsal the other day with a large tome under one arm. His wife is expecting a new arrival soon, and the proud papa is carrying around a naming book in anticipation . . . After six weeks of deliberation, Steve McNally selected Terry as the name of his fifth child — Steve originally got stuck with "Horace" . . . Now it's UI's Pat Hall who is responsible for that starry look in plastic surgeon Dr. Robert Alan Franklyn's eyes . . . that beautiful blonde making the night spots with Eddie Gilmartin of the Casino Gardens while his wife is East is his daughter, Natalie! . . . Cutest coosome, Anthony Curtis, UI's newest discovery and Lili, the dress designer is making video history too — KNBH is shooting a television newsreel of her sequin pipe, her special feature for exotic cocktail dresses . . . Lynn Bari's favorite resort dress is one of the new "transparencies" that has the Eastern fashion critics agog. Of imported crinkle-organdy, the dress looks as though it had stepped from a Reynolds shepherdess print. The bodice is shirred over the bosom with full-flowing sleeves, a tight midriff and a circular skirt stiffened at the hem

with horsehair braid. Matching the burgundy in the multi-colored, flower-spattered skirt, the sleeve-cuff is drawn with burgundy velvet ribbon and a matching streamer-sash emphasizes the dainty waist.

### CUTE QUIPS

When a would-be glamour gal complained at a party "a girl isn't safe on the streets of Hollywood any more," Ed "Archie" Gardner cracked, "Is she complaining or hoping? . . . Cuddles Sakall says that most sleepless ladies are victims of "himsomnia" . . . Jess Oppenheimer, writer-producer of "My Favorite Husband" starring Lucille Ball, asked his little daughter what Romeo said to Juliet. The moppet replied, "I've got a lady in the balcony," showing the effect of radio on the cultural activity of our youth.

### Well Drilling

Drilling of a well in section 13, just north of the Joshua Tree town-site area, has been in progress for the past few days. The information was made known by S. V. Hunt-saker, one of the owners of the property. Harry Wheeler is the contractor for the water project.

## Jessie Nicolls Dies

(Continued from page 1)

Mark Twain. She is survived by three nieces, according to Mrs. Beckwith. They are: Martha Foster, Pacific Palisades; Mrs. Margaret Jensen, Los Angeles, and Mrs. Zela Ross of Seattle.

One newspaper writer once wrote of her as an "inspiration to ambitious worker."

A portion of the story follows:

### A BUSINESS WOMAN BY MARGARET FOLEY

Women like Miss Fremont Nicolls are founts of inspiration to ambitious workers. She has been connected with one of the largest insurance companies and financial institutions in the world for twenty-three years and was a pioneer member of the \$200,000 club, the aristocratic club of her company, said membership being secured by producing \$200,000 worth of business and paying for it in a year.

Miss Nicoll's business experiences have been unusually interesting and singularly free from monotony. When very young she taught school, but her health failed and she had to find other employment. So she determined to try being a traveling salesman and, leaning toward medicine, took a position with a pharmaceutical house. This firm did not have a great deal of faith in a woman's ability to sell goods and declined to pay her a salary, but consented to her going out on commission. This she did, and before she had been in their employ six months the manager of the company came on from Philadelphia and insisted that she go on salary. This she naturally refused to do, saying that she was making about three times as much as their salaried men and was perfectly satisfied. He was indignant and said: "You are making too much money for any woman," but, as it was his own proposition, he had to stand by it.

But, after three years, Miss Nicolls became weary of the incessant traveling. Then it was suggested to her that she take up

insurance work. Women were just then being recognized as insurable risks on the same basis as men — in fact, it was the psychological moment for her to enter the field. Miss Nicholls was confident of success, as she knew she could sell goods, but the manager of the insurance company was rather skeptical. However, she was given a trial, and for twenty-three happy prosperous years has been in their employ. Club conventions were just being instituted when she took up this work, and she was one of the very first members. For years she was the only woman member at the conventions.

The P.T.A. and Community Association met in joint session Thursday evening at the school. The play "Early Californians," enacted by the children was very entertaining and their efforts were amply applauded by the large attendance.

This was the last regular meeting of the P.T.A. for the summer. Meetings will resume the third Tuesday in September. We hope to continue the joint meetings with the Community Association as it brings parents, teacher and community closer together.

Remember play day this Friday, and, children, don't forget your swim suit, towel and your own sandwiches!

## Church Corner

By Edythe Fraetis

We greeted a splendid attendance at Sunday School and church on Sunday. A number of visitors and some former residents were among those present.

Our pastor, Dr. D. C. Williams, was absent, having been called to dedicate a \$160,000.00 new church where he served his first pastorate.

Mr. J. R. Phillips led the church service of song, prayer, scripture and testimony.

The Bible study group will meet Wednesday evening at 7:30 at the church with Mrs. J. L. Duncan leading.

## Turkey Show Subject of Sun Valley Club Meeting

All members of the Sun Valley club are urged to attend the monthly meeting at the Charles King ranch tomorrow evening when further discussion of the turkey show to be held here next fall will take place.

Forrest Summers, chairman, said that committees will be appointed and long range plans formulated at this meeting.

**Fire Regulations**

Fire ordinance regulations were read by Forest Ranger Dean of San Bernardino County last Thursday evening at the Sportsmen's Club. Volunteer Fire Chief Bob Garry was in charge of the gathering. It was made known that fire permits must be obtained from Garry by persons

desiring to burn trash in other than properly constructed incinerators.

Ordinance regulation number 533 governing this provision may be obtained in poster form from Garry at the Shell Service station by those wishing copies. Garry, under the law, is authorized to tack up notices of violations on properties that are considered fire hazards.

**Mayfield - DeWitt Turkey Ranch**

(Continued from page one)

Mayfield returned to Long Beach yesterday to resign his position with the Navy Department where he has served as a planner and estimator. He will return here today and supervise receiving of the poult shipment from Viss Hatcheries, Ripon, California. There was a possibility, Mayfield told the JOURNAL, that the shipment would come here by air.

Construction plans at the Mayfield-DeWitt ranch call for a building 142 feet long with two brooder houses 60 by 18 separated by a utility room in the center measuring 22 by 18. Each brooder house can house 1800 poults at a time. This will be the largest brooder house in the valley.

The California Electric Power Company is running a special service temporary line to the new project until a service crew can attend to regular installation. A two man crew began putting water lines to the property Monday morning.

Mayfield plans to have the first batch of 1500 to 2000 turkeys ready for the fall market. The brooder houses and other facilities are being set-up to handle 10,000 turkeys next year, according to Mayfield.
